PROFESSIONAL SUMMARY

Mobile Application Developer with a BS in Computer Science (2022–2026). Experienced in designing scalable mobile applications from interactive Figma prototypes to production-ready Flutter solutions. Skilled in Flutter, Dart, Firebase, RESTful APIs, SQLite, and modern UI/UX design, combining visual creativity with robust backend development to deliver intuitive, high-performance mobile applications.

EDUCATION

University of Central Punjab (UCP), Lahore

BS Computer Science (2022–2026)

WORK EXPERIENCE

UI/UX Design Intern | Ozi Group Technology (2026–Present)

- Designed **15+** high-fidelity mobile gaming screens, HUDs, menus, and 2D visual assets using Figma, Adobe Photoshop, and Canva.
- Collaborated with developers to convert game concepts into interactive wireframes and production-ready UI assets.
- Maintained design consistency and optimized visual assets across multiple mobile devices.

Full-Stack Mobile Application Developer | Independent (Oct 2022–Present)

- Designed complete UI/UX systems and interactive prototypes before implementation.
- Developed responsive cross-platform mobile applications using Flutter, Dart, Firebase, RESTful APIs, and SQLite.
- Implemented authentication, Cloud Firestore, state management, and local caching for scalable performance.
- Delivered **3+** production-quality mobile applications including Digital Farm Notes, Mochi Notes, and Image Galleria.

FEATURED PROJECT

GoLahore — Smart Transport & City Navigation App (FYP)

- Designed the complete application architecture and interactive UI prototypes in Figma.
- Engineered the Flutter application with Firebase backend, REST API integration, offline-first functionality, and ML-based fare prediction.
- Successfully demonstrated the fully functional application at UCP Open House 2026.

TECHNICAL SKILLS

- **Languages & Frameworks:** Dart, Flutter, C++, Python, JavaScript
- **Backend & Databases:** Firebase (Firestore), RESTful APIs, SQLite, MySQL
- **UI/UX & Design:** Figma, Adobe Photoshop, Canva
- **Tools & Systems:** Android Studio, Git/GitHub, VS Code, Streamlit
- **Core CS & Soft Skills:** OOP, Data Structures, Operating Systems, Teamwork, Communication
- **Languages:** English (Fluent), Urdu (Native)
